Target: *E. coli* O145

Catalog #: 410050

Immunogen: *E. coli* O145

Specificity: reacts with *E. coli* O145

Clonality: Monoclonal

Species: Raised in mouse

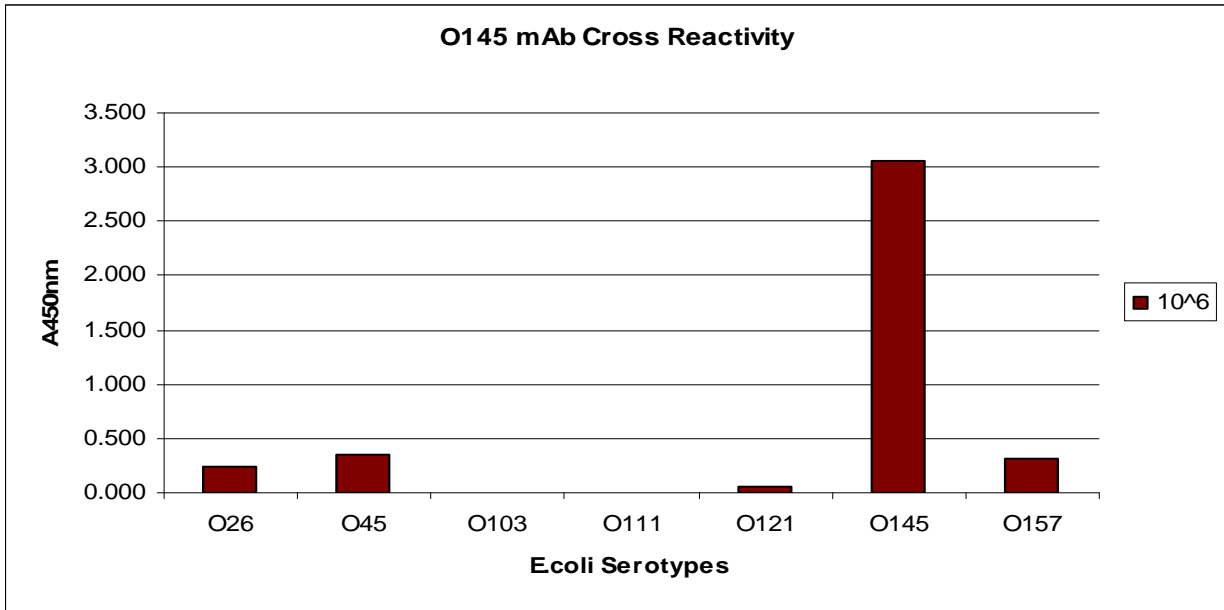

Purity: Protein-A/G Affinity purified

Form: 0.1 mg (as determined by UV absorbance at 280nm) lyophilized, reconstitute in 1x PBS.

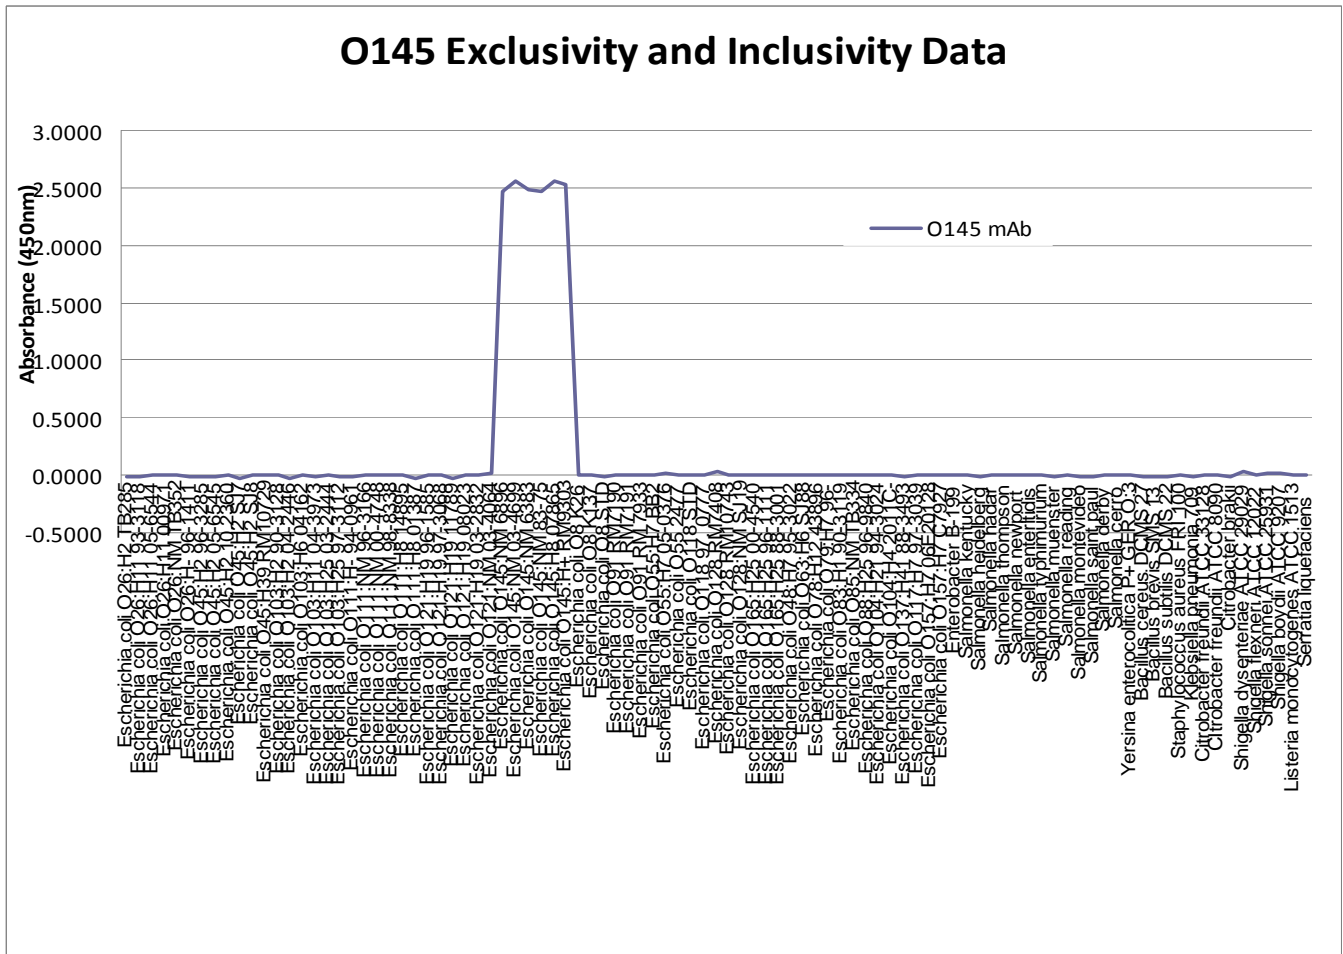

Applications: ELISA IMS Beads
Dipsticks LAT
Immuno PCR Labeling

Storage: Store at 4 °C after reconstitution for up to 1 week. Aliquot and freeze at -20 °C to -80 °C for longer term storage. Avoid repeated freeze/thawing.

For Laboratory research only, not for drug, diagnostics or other use.

Cross Reactivity profile of *E. coli* O145 Monoclonal Antibody against 6 STEC and O157 with 10⁶ cells coated onto microtiter plates using an indirect ELISA.

Exclusivity and inclusivity profile of *E. coli* O145 Monoclonal Antibody. Antibody cell line 13D7.D7 was tested against 5 strains of O145, other *E. coli* serogroups, and other bacteria (approx. 100) coated on a microtiter plate (10⁷ cells) using an indirect ELISA.
