Subject: Abraxis Brand Transition to Eurofins Abraxis

We are proud to announce the launch of our new brand and company logo, Eurofins Abraxis, as part of our ongoing evolution as a member of the Eurofins Technologies network.

In November 2017, Abraxis, Inc. joined Eurofins Technologies, the diagnostic kit manufacturing division of Eurofins Scientific, an industry leader in laboratory testing services. Eurofins Technologies is a fast-growing, global provider of diagnostic test kits, lab consumables and industry-leading ELISA-based instrument platforms supporting rapid testing in the food, feed, environmental, biopharma, and clinical markets. Abraxis has a special role in the Eurofins Technologies network because it is the only company that provides test kits to the environmental, water quality and life science markets.

The rebranding to Eurofins Abraxis reflects the Eurofins Technologies strategy of creating a world leading brand within the respective markets while building on the strong legacy of our acquired businesses. The new logo and brand symbolize our commitment to the industry and to our customers. Under our new Eurofins Abraxis brand, we will continue to provide customers with top quality products at competitive prices while maintaining a consistently high level of customer service.

As always, we appreciate your loyalty and look forward to our continued business partnership under the new Eurofins Abraxis brand. If you have any additional questions or concerns, please reach out to us via email at info@abraxiskits.com or via telephone at 215-357-3911.
